Re: Training women in poverty in India

Dear CV Prakash

Bluelab Corporation Limited would be honored to make a donation of US\$2000 worth of Bluelab Combo Meters supplied freight free in support of India ISH to train women in poverty in India.

We understand that India ISH would then like to order Bluelab product as needed and use the profit to reinvest in further projects.

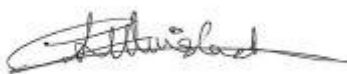

Please provide us with information as to where and when you would like this donation of Bluelab product to be made. Please direct all information to Chris Winslade via email.

We look forward to being able to help you make a difference to the struggles of people in India and sincerely wish you all the best with this project and all future projects.

We await your instructions

Kindest regards

Chris Winslade
